

UPCOMING WEBINAR

Measles Update for Clinicians: Recognition, Reporting & Response

This one-hour webinar will provide an update for clinicians in Illinois regarding:

- Recognition of measles in the clinical setting
- Proper laboratory evaluation of suspect cases
- Understanding the connection to individual cases and the response by public health departments

Speakers:

- Kyran Quinlan, MD, MPH, FAAP, Pediatric Medical Advisor at Illinois Department of Public Health
- Josh Geltz, PhD, Chief, Division of Laboratories at Illinois Department of Public Health
- Alexander Sloboda, MD, MPH: Medical Director of Immunization & Emergency Preparedness Programs, Health Protection Bureau at Chicago Department of Public Health
